## Profile Summary

Entry-Level Full Stack Developer with a strong foundation in web application development and a passion for building scalable, user-friendly solutions. Eager to collaborate with teams, learn modern technologies, and deliver efficient, high-quality web applications. Committed to contributing meaningfully to organizational success through reliable and well-structured solutions.

## Experience

**Intern** - Scope Tech Software Solutions, Madurai

Oct 2025 - Jan 2026

**Project:** Applicant Tracking System

**Technologies:** React.js, Node.js, Express.js, MongoDB, JWT, REST APIs.

### Key Contributions:

- Developed a full-stack Applicant Tracking System (ATS) using the MERN stack.
- Implemented role-based authentication for candidates and recruiters using JWT.
- Built job management features for recruiters and application tracking for candidates.
- Integrated secure RESTful APIs and designed responsive dashboards for improved user experience.
- Followed clean code practices and MVC architecture for backend development.

**Intern** - BSE Tec Pvt. Ltd., Madurai

Nov 2024 - Mar 2025

**Project:** Blockchain-Based KYC Identity Management System

**Technologies:** ReactJS, Node.js, Express.js, Firebase, Solidity, Ethers.js, IPFS.

### Key Contributions:

- Built a decentralized KYC platform using ReactJS, Firebase Authentication, and Express.js.
- Integrated Solidity smart contracts via Ethers.js on the Sepolia Testnet.
- Used IPFS to securely store user identity documents.
- Implemented role-based access for users and admins with KYC verification features.

## Projects

### Digi Gold Website

**Technologies:** ReactJS, CSS, Firebase, Firestore.

### Key Contributions:

- Developed a responsive and interactive frontend using ReactJS.
- Utilized Firebase for backend services, including real-time database integration.
- It allows users to invest in gold/silver through a locking scheme and redeem it upon maturity.

## **ConnectByte Technologies – IT Solutions Website**

**Technologies:** HTML, CSS, JavaScript

### **Responsibility Contributions:**

- Built a fully responsive multi-page IT business website with animated UI elements.
- Designed branded layouts with intuitive navigation and optimized performance across devices.
- Added interactive contact forms and service showcases to enhance user engagement.
